Pesticide Notification Advisory

We do not use pesticides in or around the building. If we ever do, we will notify all parents and staff members in writing prior to any application of the pesticides to be used, their potential side effects, and where and when the pesticide(s) will be applied.

View Bay City Academy District Board of Education [Policy 8405.01 BP Integrated Pest Management](#). Contact the District Maintenance Director, Mr. Brandon Deacons, at (989) 414-8254 for more information.
